EX-SHERIFF J. C. COLSO

Killed Last Night on the Streets
of Middletown.

JOHN DUGAN ARRESTED.

He and Colson Had Always Been
Warm Friends.

THROUGH THE ASSASSIN IS UNKNOWN.

Middletown, Ky., June 2.—John C. Colson, a brother of Congressman David C. Colson, was shot and instantly killed at 8 o'clock tonight by John Dugan, who was a saloon keeper until recently. Dugan has been arrested and it is feared he will be hanged. Excited men walked the streets last night with guns and pistols in hand and the city is wild with excitement.

The facts of the murder as near as they can be gathered are that Dugan had trouble with one Miller, who yesterday opened a saloon here, and that to avoid trouble Colson took from Dugan a pistol to prevent him from doing Miller injury. This afternoon Dugan and going to his house he got another pistol and lay in wait for Colson, and when Colson was getting on his horse he shot him. Miller and Dugan had both been drinking.

It is not known whether he intended to kill Colson or Miller, as they were near each other when the shot was fired. Colson and Dugan had always been friends.

Colson leaves a wife and five children. He was one of the wealthiest men in the county and for years had been a political leader. He was a member of the city council, had served as sheriff and recently was nominated for county judge by the Republicans by an overwhelming majority. He was a brave man and his friends were legion.

Ellis H. Roberts for Treasurer. Washington, June 2.—It is understood the President has fully decided upon Ellis H. Roberts, of New York, for United States Treasurer, and his nomination will be sent to the Senate in a day or two. Mr. Roberts at one time was Assistant Treasurer of the United States at New York.

PRESIDENT McKinley

Makes a Speech Before Students.

Washington, June 2.—President McKinley delivers the annual address this afternoon before the graduating class of the International Commercial college.

Later News.

Middletown, June 2.—John Dugan, who was arrested last night for the murder of John C. Colson, denies that he committed the murder. It is now believed that the assassin is some person unknown.

GOES LATE LIVERY.

Appointed As Superintendent of the Lakeland Asylum.

Frankfort, Ky., June 2.—The appointments of Dr. L. E. Goebel to be superintendent of the Lakeland asylum, and Dr. M. M. Lively to succeed Goebel as first assistant, were formally made by the Governor yesterday. Dr. Goebel has already had charge of the asylum for several weeks and since the last illness of Dr. McNary began.

SIoux MAY JOIN.

Cheyenne Warriors in Montana Are Receiving Re-Enforcements.

Helena, Mont., June 2.—Specials from Miles City, the nearest town to Montana to the Cheyenne Indians, say the situation at the agency continues critical. Families who reside near the seat of the trouble continue to flock to Miles City.

It is reported that Sioux Indians from Dakota have come to the agency and that runners have been sent to invite more Sioux to join them on the war trail.

White Bull's band of warriors numbering 125, who escaped from the agency Friday night, are in the hills on the Tongue river, near Ashland, and this will be the scene of the first bloodshed should there be any. The settlers, though armed and ammunition are being forwarded as rapidly as possible.

A GUERRILLA BAND

Exterminated By the Insurgents—Spanish Atrocities.

Key West, Fla., June 1.—At Llanos, Matanzas Province, the guerrilla band of Capt. Sot was almost exterminated last week by a Cuban band, who had sworn to kill them for past outrages. The Spaniards made a raid upon it, having a renegade Cuban as a guide. The Cubans were apprised of their approach and they laid a trap. As the Spanish guerrillas approached they stealthily left their camp and hid in the thick undergrowth. The Spanish forces stole upon the camp, and seeing

It was quiet, burst upon it with yells, shooting into the house and preparing to slaughter all. The Cubans then fired at their opponents who, being in the light of the camp fires, presented good marks, and charged upon them with the machete. The guerrillas were so surprised that they could not run at first, and the momentary hesitation cost them their lives. The Cubans surrounded them and cut them down mercilessly as they attempted to escape from this death trap. Over forty-five were killed, only seventeen escaping. The Cubans lost twenty, the fight being a shot one for so few men engaged.

A camp of pacificos at Marianna, near Havana, was raided by Spanish guerrillas last week, and on the pretense that the women had been sent for, fifteen of the younger women and girls were arrested and taken away, ostensibly to be brought to Havana. When the pacificos came to Havana to ascertain the fate of their women folks they could not find any trace of them. It was simply a ruse of the guerrillas to capture and abduct the women for purposes of their own.

Meet To-Day in Convention at
Frankfort.

Called to Order by Goebel.

Senator Fulton Will Be the
Permanent Chairman.

WESTERN KY. SELECTS HER FAVORITES.

Frankfort, June 2.—The fight over the permanent chairmanship was settled this morning and Senator George S. Fulton will be the man. Senator Brumson has withdrawn from the contest.

The convention was called to order this afternoon by Senator Goebel, of Covington, temporary chairman. Jim Boone and Green Keller were made secretaries, and Capt. Bob Tyler Sergeant-at-Arms.

It was not long until that a combination had been formed between Greene, Mason and Watson, by which the latter are to throw their strength to Greene, if they can, in return for promises of the two most important deputyships. If they could deliver their votes, Greene would get about \$500 votes and the nomination, but it is believed that Watson can not throw the first district to Greene against Shackelford.

If it is decided not to attempt any combination on the first ballot, then the first will result about as follows: (Greene, 158; Richardson, 207; Shackelford, 200; Ford, 167; Watson, 145; Mason, 118.

The members at large of the convention committee have not been decided upon, but it is certain that John B. Thompson, of Mercer, will be one of the members at large of the committee on resolutions. The Western Kentucky leaders at a conference last night agreed that they wanted Ollie James for resolutions; C. M. Maccham, for organization, and James M. Richardson, for credentials, as members at large.

FELT A QUAKE.

So Say Many Citizens of Paducah To-Day.

It Came About 9:40 This Morning. But Was Slight.

A great many people claim to have felt a very perceptible seismic disturbance about 9:40 this morning. It was slight, and occasioned not the slightest alarm, but there was no doubt an earthquake, as quite a number are positive they felt it, and all agree on the time.

TO BEGIN TOMORROW

Work on the River Front Railroad.

Contractor Halloran Left at Noon for Cairo to Get an Outfit.

Contractor Pat Halloran, who is to do the road bed grading for the Illinois Central river front railway, left at noon today for Cairo to purchase a contractor's outfit.

Tomorrow morning he will begin work on the right of way, with ten teams and several scrapers, and as soon as more wagons can be obtained will add to his force. He will push work rapidly, and in a short time the road will be well under way, and that locality will resound with the harmony of hammers and the music of saws.

Were Carried Back to Hardin. The remains of Mr. R. W. Starks, of Hardin, Marshall county, who died in the Boyd-White Infirmary yesterday as a result of wounds inflicted with a razor on his throat with suicidal intent, were carried to Hertle for burial.

GENERAL BASEBALL NEWS.

The invincible Washington team was ignominiously defeated yesterday by the Paducahs, and dropped from first to second to make room for Evansville.

There was a good crowd out, and the game was a pretty one. Paducah won because she simply outplayed the visitors, getting eleven hits off Kellum, while Little Sudhoff held the Washingtons down to four hits, and struck out nine.

Three home runs were knocked by Paducah boys.—Noonan, McClelland and Peers.

The visitors could get but one run, and towards the close got rattled and allowed the home team to score four times in the ninth. Mr. Emery Voight, an old Paducah player, umpired the game, and gave good satisfaction with the exception of in one or two instances, one of which was when he got rattled and called a man out on one strike. Another time a fly ball was knocked and a man on second kept his foot on the base until it was caught and then made a dive for third, but was called out for running. Both sides complained Mr. Voight, however, on his fair decisions.

NO HANE TODAY.

The game between Washington and Paducah was postponed today on account of the forenoon rain, which rendered the grounds too wet.

Tomorrow afternoon, however, two games will be played, beginning at 2:30 o'clock in the afternoon. Dowling and Stanton will be the battery.

Clifford, one of Paducah's catchers, was released last night. Clifford was a \$1000 man, and recently declined an offer elsewhere because he could not secure his release here. Tomorrow will be ladies' day.

SENATOR PETTIGREW'S BILL.

Wants a Vote on Free Silver and
the Election of Officers By
the People.

Washington, June 2.—Senator Pettigrew today introduced a bill to provide for the submission to a popular vote at the congressional election of 1898 of the following questions: "Shall congress at once enact a law providing for the immediate free and unlimited coinage of silver and gold at the ratio of 16 to 1? Shall the constitution of the United States be so amended as to provide for the election of United States senators and of the president and vice president by direct vote of the people?"

It is made the duty of the secretary of each state to forward the result of the vote to the President, who is required to transmit the statements to congress.

INSANE OVER HIS WIFE'S DEATH.

The Indictment vs. W. N. Lane at
Versailles Filed Away.

EX-KENTUCKIAN COMMITTS SUICIDE.

Baltimore, Md., June 2.—Edgar Morris killed his three children, Edward, Eva and Ada this morning, and then killed himself. Morris was a mail carrier and was crazed over the recent death of his wife.

Ex-Kentuckian Kills Himself.

Washington, June 2.—C. C. Mason, formerly of Pendleton county, Ky., committed suicide yesterday at a police station here, where he had been taken to recover from a protracted spree.

Indictment Filed Away.

Versailles, Ky., June 2.—The case against W. Newton Lane, on indictment No. 2, for killing James Rodenbaugh at the Hotel Woodford in August, 1896, was called in the circuit court yesterday, and on motion of the commonwealth was filed away.

OIL AT WILLIAMSBURG.

Heavy Flow Struck By the Cementery Company While Drilling For Water.

Williamsburg, Ky., June 2.—Oil was struck here today. The cementery company was boring for water. The drill had reached eighty-five feet, and the water was not sufficient. Ten sticks of dynamite were shot in the bottom of the well, and the oil rose twenty-five feet. The company will have it tested at once. Many think the earthquake caused the oil to rise, as other wells in this vicinity have been failures.

CONSTABLE FUTRELL

Attached a Museum for the
Register Publishing
Company

And Had a Narrow Escape From
Getting Thrown Overboard.

Constable Miles Futrell had an exciting experience this forenoon with the man and two women who ran the Eliza Mosse, on Broadway between Third and Fourth, for the past week. The Register Newspaper company went before Justice Winchester today and attached the wax figures, guillotine and entire museum outfit on an account of \$3.85 for advertising.

He had to go on the steamer City of Sheffield, which was lying at the wharf, to serve the papers, and the two corpulent women in their ire crowded him so close to the railing that they almost succeeded in getting him overboard.

They "cheered the rag" in great shape, to use a popular expression, but the constable knew his "biz" and just let them kick. They used every effort to keep him until the boat started, but he went up, hired a wagon and started to cart off dummy policeman, museum, and all, whereupon they came over with the clean thing. The woman then attempted to work the short change racket on the constable, but he was too much for them.

The constable got the money, they retained their freaks, and the Register will not go into the museum business—yet awhile.

The W. C. T. U. will meet at 3 o'clock sharp Thursday afternoon in the lecture room of the Cumberland Presbyterian church. The evangelistic meeting is to be conducted by Mrs. Eugene Gilbert. All members are requested to be present, as arrangements for the lecture must be made.

OTHER NEWS OF THE RAILROAD.

The contracts for material and work on the additions to the Illinois Central shops were signed yesterday afternoon. It was virtually settled in the forenoon who would secure the work, but the preliminary formalities were not completed until in the afternoon.

Messrs. F. W. Katterjohn & Co. secure the contract for furnishing 250,000 brick.

Major Barnes and Contractor Pat Halloran will do the grading of the river front road bed, at a cost of about \$30,000.

Langstaff-Orin Co. got the lumber and milling contract.

The work of clearing away the furniture and contents of the store room began at once and is now under way.

Work on the river front will begin in a few days.

Commercial Agent T. H. Harwood, of Cincinnati, representing the Yazoo & M. N., arrived this morning and left before noon for Brooklyn, Ill., to confer with Supt. McCourt, of the St. Louis division of the I. C. Supt. McCourt and party came down to Brooklyn last night, but will not cross over to this side. The conference is relative to the interests of the roads.

A good joke is told on the four or five yard men at Brooklyn. According to the train men on the morning Harum & Bailey's circus came to Paducah they all went home with "chills."

Instead of going to bed, however, they piled into a box car and came over to Paducah. When they got back and showed up for work the next morning, they were told that the "chills" fever hadn't left them yet, and laid off for a few days to recover.

J. W. Roberts, wife and two children were struck by an Illinois Central north-bound passenger train at Alma, fifteen miles north of Centralia, yesterday and all were instantly killed. They were driving in a wagon and were caught in a crossing. Day before yesterday Fanny Blankenship, aged 8, was killed by Conductor Hickey's train at Marion.

Several Illinois Central conductors on the Cairo Short Line are taking an enforced vacation. Conductor Fred Meritz was given fifteen days lay-off a day or two ago for failing to give a slow up signal at Murphysboro about two months ago. Conductor Stacker returned from the California trip and found an order for a five days vacation for some violation of rule.

Conductor Henry G. Thompson and wife arrived last night from Memphis, on a visit to the latter's parents, Mr. and Mrs. Z. H. Bryant.

THE FRED NELLIS.

She Will at Once Be Rebuilt at
Brooklyn.

Capt. Jim Jacobs Purchases Her
From Hasting Bros. for
\$3400.

The hull of the steamer Fred Nellis, the low boat almost destroyed by fire at Brooklyn several weeks ago, has been purchased by Capt. Jim Jacobs for \$3400 from Hasting Bros. of Metropolis. It is understood, however, that what was left of the boat went to Capt. Jacobs for the interest he owned in her before she was destroyed.

The hull has been drawn out on the bank, and is now being re-calculated at Brooklyn, where she will be thoroughly repaired and rebuilt by Capt. Jacobs and started in the trade again.

The Nellis, as will be remembered, was in the Tennessee river tie trade, and is supposed to have been accidentally fired by tramps.

Second Baptist Revival.

The revival at Second Baptist church continues with great interest. Evangelist Williams was greeted with a crowded house last evening and he delivered a fine sermon on "The Christian's Possession." There were many requests for prayer and three additional to the church. Services again this evening at 8 o'clock. Subject: "By what and through whom men are saved. Everybody cordially invited.

THE WHEELMEN ORGANIZE AT LAST.

A Good Club of Local Cyclists
Formed Last Night.

One Hundred and Twenty Shares
of Stock Subscribed and a
New Bicycle Track
Will Be Built.

The Paducah Cycle Club was organized at Eike's Hall last night, after many futile attempts to arouse interest enough to take the step. One object of the organization is to build a new track, and a good membership is already assured.

The officers elected were as follows: C. W. Thompson, president; Jeff J. Read, vice president; N. W. Van Culin, treasurer; O. C. Hank, recording secretary; John B. Hobson, corresponding secretary.

E. C. Gleaves and J. R. Puryear were appointed a committee on track contracting and construction, the former being permanent chairman. The latter was appointed to draw up the articles of incorporation.

There will be 120 shares of trade stock, at \$5 per share, twenty per cent. being payable when subscribed, thirty per cent. on completion of track and the residue subject to call. All the 120 shares were subscribed last night.

The club's headquarters will be located by Messrs. E. C. Gleaves, W. H. Farham and O. C. Hank, a committee appointed for the purpose. Frank Rieke, Oscar Jones, Ed Matt, Jeff Read, Allie Wahl, John Hobson and Simon Hecht were delegated to solicit L. A. W. members, club members and subscriptions to stock.

Friday night at the same place another meeting will be held at 8 o'clock. This is the first step of importance ever taken by local wheelmen. In past years their organizations have been incomplete and lacked that business enterprise so essential to the maintenance and prosperity of a club. They seem to be in earnest now, however, and it is sincerely hoped that their intention to construct a regulation bicycle track here will meet with the co-operation of all good citizens.

WRITTEN AT RANDOM.

The candidate's lot is now a most unhappy one. It is usually so before the election, and oftentimes afterwards. If a man is running off a ring, or a watch or anything else, he goes straight to the candidate first, and then, if any of them, declines to "take a chance." Children who are sent out to sell tickets for church or other charitable entertainments never slight the candidate, and frequently he has to buy out of the same kind from half a dozen different ones before the entertainment comes off.

A furious battle was fought out on the Broadway pike yesterday afternoon, witnessed by several people who happened to be passing along at the time.

People sometimes, while trying to outdo others from evil purposes, fall a victim to the same ways themselves.

There is no little complaint in regard to cigarette smoking in the street cars on both lines in Paducah. A prominent gentleman remarked today:

"It has the most abominable odor imaginable to everybody but the man who is smoking it, and it ought to be stopped. You can board one of the street cars now in use on both systems and it is the least bit crowded the boys and young men at around and blow that stuff in your face without the least compunction."
